OFFICE OF LEGISLATIVE COUNSEL

Thursday - 15 October 1964

1. [] George Murphy, Joint Committee on Atomic Energy staff, visited the Agency this morning. He met with the Director, took a tour of the building and was briefed by [] [] OSI, on the status of the Communist Chinese nuclear energy programs.

3. [] Miss Emily Davis, in the office of Representative Ogden Reid, and Mr. Tom Keena, in the office of Representative Emilio Daddario, both called to see if the Agency had any information on the alleged Khrushchev resignation other than what they had read in the newspapers. I advised that we were in touch with this situation but were not in a position at this time to offer anything over and above that which had been disseminated through public news media. I did advise Keena that Kosygin and Brezhnev had been high officials in Khrushchev's organization.
